**Subject:** Adam Carr | Adverse Analytical Finding

Good afternoon [REDACTED]

By way of introduction my name is [REDACTED] and I recently joined UKAD as a [REDACTED].

We have received (and independently reviewed) an Adverse Analytical Finding for clenbuterol for Adam Carr. The Sample was collected at a Rochdale Hornets squad test on 9 December 2019.

As a result we will be issuing a Notice of Charge to Mr Carr this week.

When possible, could you please send me through copies of the following:

1. Mr Carr's current contract with the Rochdale Hornets; and
2. Mr Carr's professional registration form with the RFL.

As I am sure you understand this remains confidential until the Notice of Charge has been issued so please refrain from speaking to Mr Carr about this in the meantime.

Many thanks,

[REDACTED]
